Case No. C 07-6140 MHP

DECLARATION OF JANE D. NETTESHEIM

I, JANE D. NETTSEHIEM, declare:

I. Background and Qualifications

1. I am a financial economist and vice president of Stanford Consulting Group, Inc. ("SCG"), which provides research, consulting, and expert services in financial economics and related areas to clients, including government agencies, corporations, and law firms. I have a B.A. in biology from the University of Colorado and an M.B.A. from the University of Hawaii, and I completed the coursework in the Ph.D. program in finance at the London Business School, University of London. My curriculum vitae and the list of the expert testimony I have provided by deposition or at trial are attached as Exhibit 1. The fees charged for this project are the standard hourly rates of employees of SCG. My current hourly rate is \$475. My compensation is not dependent upon the outcome of this matter.

2. I have served as a consultant and expert in the areas of market efficiency, materiality, loss causation and the calculation of damages in many securities class actions. I have examined the relationship between stock price movements and changes in market and industry indices for a number of stocks in a variety of industries. I also have examined the relationship between information releases and changes in stock prices for a number of companies in a variety of industries. I have analyzed various data sources for information about shareholdings and trading activity for different types of market participants.

II. Scope of Engagement

3. I have been retained by Pomerantz Haudek Block Grossman & Gross LLP (“Counsel”), who are Counsel to CLAL Finance Batucha Investment Management, Ltd. (“CLAL”) and Direct Investment House (“Direct”), to provide a calculation of net gains or losses and retained shares as a result of transactions in the common stock of VeriFone Holdings, Inc. (“VeriFone” or the “Company”), during the period from March 1, 2007 through December 3, 2007, inclusive (the proposed “Class Period”). I have been asked to calculate such net gains or losses and retained shares for CLAL, Direct and other Movants for Lead Plaintiff in actions related to this matter (the “Movants”). These net gains or losses and retained shares are summarized in Exhibits 2 and 3. The data and methodologies are described below.

III. Description of the Data and Materials Reviewed

4. During the Class Period, VeriFone stock was dually listed on the New York Stock Exchange (“NYSE”) and the Tel Aviv Stock Exchange (“TASE”).¹ I have

¹ The NYSE ticker for VeriFone stock is “PAY.”

obtained VeriFone stock price data for the U.S. and Israel.² Exhibit 4 contains a table and chart of VeriFone's closing stock price in both countries.³

5. Movants' transactions in VeriFone stock were obtained from each Movant's certifications, which were provided to SCG by Counsel. I understand from Counsel that transactions were provided for the period September 2006 through December 3, 2007. Certain Movants also provided transactions that occurred after December 3, 2007. Holdings of VeriFone stock prior to September 2006 were not provided by the Movants.⁴ The certifications that include the Movants' transactions in VeriFone stock are attached to this Declaration and include:

- Exhibit 5: CLAL and Direct
- Exhibit 6: Arkansas Public Employees' Retirement System ("APERS")⁵
- Exhibit 7: Bryce and Debra Baldwin ("Baldwin")⁶
- Exhibit 8: IBEW Local 363 Pension and Benefit Funds ("IBEW")
- Exhibit 9: WestEnd Capital Management, LLC ("WestEnd")⁷

² Stock price data for the U.S. were obtained from FactSet Research Systems, Inc. and price data for Israel were obtained from the Tel Aviv Stock Exchange web site, www.tase.co.il.

³ VeriFone stock traded on the TASE was denominated in New Israeli Shekels ("NIS"). The left axis in the chart in Exhibit 4 is denominated in NIS and the right axis is denominated in U.S. dollars.

⁴ I understand from Counsel that CLAL and Direct did not have any holdings of VeriFone stock prior to November 2006. I do not have information regarding pre-September 2006 holdings from the other Movants.

⁵ The APERS certification also included five transactions in VeriFone convertible notes. I have not considered VeriFone notes or bonds in this analysis.

⁶ All of the Baldwin's purchases were prior to March 1, 2007; there are no net gains or losses for the Baldwins because this Declaration considers purchases only from March 1, 2007 through December 3, 2007.

⁷ I note that there are three transactions for WestEnd that are indicated as sales transactions on page four of its certification but are indicated as purchase transactions on

- Exhibit 10: National Elevator Industry Pension Fund (“NEIP”)
- Exhibit 11: Steelworkers Pension Trust (“Steelworkers”) and the Police and Fire Retirement System of the City of Detroit (Detroit P&F”)
- Exhibit 12: Israeli Institutional Investor Group, which includes The Phoenix Insurance Company, Prisma Provident Funds, Prisma Mutual Funds, Harel Insurance Company, and Harel Pia Mutual Funds (“IIIG”)

6. Each of Movants’ transaction data include the date, an indicator as to whether the transaction was a buy or a sell, the number of shares purchased or sold, and the share price paid for a purchase or received from a sale.

IV. Description of the Methodology for Calculating Retained Shares and Losses

7. Purchase and sale transactions were matched using two different methodologies, as follows:

- i. Last-in-first-out (“LIFO”): The LIFO method assumes that the latest share purchased is the first share sold and only sales that are specifically matched to Class Period purchases are used in the calculations. The proceeds from sales during and after the Class Period and the value of the shares not sold that are matched to Class Period purchases are netted against the cost of all purchases during the Class Period.
- ii. First-in-first-out (“FIFO”): The FIFO method assumes the earliest share purchased is the first share sold and only sales that are specifically matched to Class Period purchases are used in the calculations. The proceeds from sales during and after the Class Period and the value of the shares not sold that are matched to Class Period purchases are netted against the cost of all purchases during the Class Period.

8. Under each of the two methods, net losses are calculated as the amount paid for the share purchases that occurred during the Class Period, less the amount received from the matched share sales. Certain share sales during and after the Class Period are included in the proceeds to be netted against costs of share purchases during

page six of Exhibit A (on 10/25/06, 3/2/07 and 4/16/07) of the Declaration of Reed R. Kathrein, dated February 4, 2008. In this analysis, I have used the transaction data from pages 2–4 of WestEnd’s certification.

the Class Period. For shares sold during the ninety days following the Class Period (the 90-day lookback period), the sales proceeds are the greater of the amount received from the share sale or the average price of VeriFone stock during the period from December 3, 2007, through the date of sale. For shares retained through the 90-day lookback period, the sales proceeds are the value of the retained shares which is assumed to be the mean closing price of VeriFone stock during the ninety days following the Class Period (“90-day average price”).⁸ All shares not indicated as sold by each Movant as of the last transaction date in their certifications are assumed held through the 90-day lookback period.

9. Losses are determined separately for each account or fund held by each Movant. Under each of the two methods, LIFO and FIFO, if proceeds from matched sales exceed the cost of all Class Period purchases, there is a net gain. Net gains from one fund do not offset net losses from another fund held by the same Movant. Net losses on VeriFone shares purchased on the TASE are calculated in NIS and converted to U.S. dollars using the currency exchange rate as of February 15, 2007.⁹

⁸ The Private Securities Litigation Reform Act of 1995 (“PSLRA”) limits the amount of recoverable damages. For shares retained at the end of a class period and sold during the 90-day lookback period, per-share damages cannot exceed the purchase price paid for a share and the greater of the sales price received for the share or the mean trading price of the stock during the period from the day of the disclosure through the date of sale. For shares retained at the end of a class period and not sold during the 90-day lookback period, per-share damages cannot exceed the purchase price paid for a share and the mean trading price of the stock during the 90-day lookback period.

The 90-day period following the Class Period begins on December 3, 2007, and ends on March 2, 2008, which has not occurred as of the date of this Declaration. The 90-day average price used in this Declaration is the average of VeriFone closing stock prices from December 3, 2007 through February 15, 2008, and is \$19.97 for VeriFone stock in the U.S. and 76.18 NIS on the TASE.

⁹ The exchange rate as of February 15, 2008, is 1 NIS = U.S. \$0.2779. (Source: www.oanda.com) For Movants’ accounts or funds that have transactions on the NYSE

10. Using the LIFO method, in general, each share purchased during the Class Period is matched with a subsequent share sold; a particular sales transaction is matched against the last preceding purchase transaction. When the Movants' account or fund sold more shares as of certain dates in the Class Period than the number of shares purchased (including both pre-Class Period and Class Period purchases) as of those dates, the sales transactions were matched with subsequent purchase transactions. Total sales proceeds include the proceeds from matched sales during the Class Period, plus the proceeds from matched sales after the Class Period (per-share proceeds are the greater of the sales price or the mean trading price from December 3, 2007 through the date of sale), plus the value of matched shares still held after the 90-day lookback period. Total sales proceeds are netted against the cost of all purchases during the Class Period. This method does not include sales of shares that are in excess of the total number of shares purchased during the Class Period. The net gain (loss) is the amount by which the cost of Class Period purchases is less than (exceeds) the proceeds from matched sales.

11. Using the FIFO method, in general, each share purchased during the Class Period is matched with a subsequent share sold. The first sales transactions in the Class Period are matched against the pre-Class Period holdings, *i.e.*, sales of shares during the Class Period are matched first against VeriFone shares held prior to March 1, 2007, the start of the proposed Class Period and then against the earliest preceding Class Period purchase transactions. When the Movants' account or fund sold more shares as of certain dates in the Class Period than the number of shares purchased (including both pre-Class Period and Class Period purchases) as of those dates, the sales transactions were matched

and TASE within one account or fund, gains from transactions on one exchange, if any, do offset losses from transactions on the other exchange within the account or fund.

with subsequent purchase transactions. Total sales proceeds include the proceeds from matched sales during the Class Period, plus the proceeds from matched sales after the Class Period (per-share proceeds are the greater of the sales price or the mean trading price from December 3, 2007 through the date of sale), plus the value of matched shares still held after the 90-day lookback period. Total sales proceeds are netted against the cost of all purchases during the Class Period. This method does not include sales of shares that are in excess of the total number of shares purchased during the Class Period. The net gain (loss) is the amount by which the cost of Class Period purchases is less than (exceeds) the proceeds from matched sales.

12. A summary of the total retained shares and total net gains (losses)¹⁰ for each Movant using the LIFO and FIFO methods follows. The total retained shares and total net losses for each Movant by account or fund using the LIFO and FIFO methods are provided in Exhibits 2 and 3, respectively.

CERTIFICATION

I, GAIL H. STONE, Executive Director of Arkansas Public Employees Retirement System ("APERS"), hereby states that:

1. I have reviewed a complaint containing certain factual allegations regarding VeriFone Holdings, Inc.'s ("VeriFone") anticipated restatement of earnings. APERS adopts the factual allegations in the complaint. However, APERS contends that the class period should be August 31, 2006 to December 3, 2007, and reserves the right to seek to modify this period as necessary.

2. On behalf of APERS, I authorize the law firms of Nix, Patterson & Roach, L.L.P. to serve as APERS' lead counsel and Keil & Goodson, L.L.P. to serve as APERS' additional counsel in this matter. On behalf of APERS, I authorize these law firms to represent the interests of APERS in this matter.

2. APERS did not purchase any securities of VeriFone at the direction of counsel or in order to participate in this private action.

3. APERS is willing to serve as a representative party on behalf of a class, including providing testimony at deposition and trial, if necessary.

4. All of the transactions of APERS in the securities of VeriFone during the class period specified in the Complaint are attached hereto as Schedule "A."

5. APERS has sought to serve as a representative party on behalf of a class under the federal securities laws twice during the last three years, in *In re Brocade Securities Litigation*, No. 3:05-cv-2042 (N.D. Cal.), and *Kim v. Harman Int'l Indus., Inc.*, No. 07-1757 (D.D.C.). APERS is currently a class representative in *In re Brocade Securities Litigation*; appointment of a representative party in *Kim v. Harman Int'l Indus., Inc.* remains pending.

6. APERS will not accept any payment for serving as a representative party on behalf of a class except to receive its pro rata share of any recovery, or as ordered or approved by the Court, including the award to a representative party of reasonable costs and expenses relating to the representation of the class.

I declare under penalty of perjury that the foregoing is true and correct.
